Panasonic AG-MSU10EJ	<p><b>P2 Mobile Storage Unit</b></p> <p>Storage Unit has a P2 card slot and an interface box for a solid-state drive that will hold up to 2 TB (terabytes) of data. In addition to its compact, lightweight, rugged design, it features battery-powered operation for versatile field use. Files recorded onto a P2 card can be copied onto an SSD at about 4x normal speed for AVC-Intra contents. It has both eSATA and USB 2.0 connectors, so files can be easily transferred by connecting the AG-MSU10 to an external HDD or PC /Mac. Uploading to a backup or nonlinear editing system is fast and easy as well. The removable SSD interface box is also equipped with eSATA and USB 2.0 connectors, so it can be removed from the AVC-Intra 100 and connected directly to a PC/Mac.</p> <p><b>2 Years European Warranty - 5 Day Guarantee Turn Around</b></p>	718 580 Ft
Panasonic AG-SFU100G	<p><b>Upgrade kit for AG-AF101AEJ Camcorder</b></p> <ul style="list-style-type: none"> <li>• 1080i/60P/50P/Recording</li> <li>• 2.39:1 Safety marker</li> </ul>	58 900 Ft

Panasonic AJ-HPD2500E	<p><b>AJ-HPD2500E P2 Deck Recorder / Player</b> Multi-Format Recording and Playback System - Comes Equipped with AVC-Intra AVC-Intra Codec - 10 bit 4:2:2, 24 bit Audio Up/Down Conversion between SD/HD Multi-Format 24PsF Compatible, HD/SD Multi-Format Varicam Speed Effects 24 Bit/48 kHz/4 Channel, High-Quality Digital Audio Advanced Recording Functions Employing Six P2 Card Slots + SD Slot <b>5 Years European Warranty - 5 Day Guarantee Turn Around</b></p>	7 062 110 Ft
Panasonic AJ-HPM200EJ	<p><b>Mobile P2 Card Recorder / Player Field editor - eSATA</b> Equipped with Gigabit Ethernet and eSATA interfaces for high-speed data transfer. It connects to the Internet, allowing file transfer without a PC. As standard, the AJ-HPM200 records using the AVC-Intra Codec but also the AVCHD codec with the optional AJ-YCX250G, which makes it possible to record and play P2HD and AVCHD files and to convert files between the two formats. The upgraded AJ-HPM200 also features an enhanced playlist function with easy, intuitive operation and a newly evolved editor graphical user interface (GUI) that also improves ease of use. Providing powerful support for P2HD recording, field editing, HD news flash broadcasting through file transfers, data backup and more, the AJ-HPM200 is a high-speed, high-image-quality solution to a wide range of broadcasting and video production needs. <b>5 Years European Warranty - 5 Day Guarantee Turn Around</b></p>	4 279 085 Ft

Panasonic AJ-P2M064AG	64GB microP2 solid state memory card	88 350 Ft
Panasonic AJ-PCD2G	<p><b>Single Slot P2 Card Drive</b></p> <p>The AJ-PCD2G Memory Card Drive is a compact, lightweight, low-cost 1-slot P2 drive. This compact device is driven by bus power from a USB 2.0 interface. It enables space-saving, high-mobility operation when combined with a laptop PC or a MacBook. The AJ-PCD2GJ loads data from a P2 card at a transfer rate of 30 MB/s and comes with driver software for both Windows (XP/Vista/7) and Mac OS X (10.5/10.6). The AJ-PCD2GJ supports all P2 formats and frame rates in HD and SD. With a 64GB P2 card inserted, the PCD2 can offer immediate access to more than four hours of DVCPRO, two hours of DVCPRO50 or AVC-Intra 50, or more than an hour of DVCPROHD or AVC-Intra 100 content.</p> <p><b>2 Years European Warranty - 5 Day Guarantee Turn Around</b></p>	88 350 Ft
Panasonic AJ-PCD30EJ	<p><b>3 Slot P2 Memory Card Drive USB 3.0</b></p> <p>3 slot P2 device with a super-speed USB 3.0 interface that delivers the industry's fastest offloads from a solidstate source. Transfer rates of up to 4.8Gbps achieves offloading AVC-Intra 100 footage at more than 15X realtime, making the PCD30 especially well-suited for use in long-form production. The PCD30EJ can transfer data from up to three P2 cards simultaneously, making content immediately available to nonlinear editing systems and servers. With three 64GB P2 cards inserted, the device can offer immediate access to more than three hours of AVC-Intra 100 or DVCPROHD, or more than six hours of AVC-Intra 50 or DVCPRO50 content.</p> <p>The PCD30 can be used as an externally, or can be installed in the 5 type bay of a Windows-based desktop for use as a built-in reader. PC/Mac Compatible.</p> <p><b>2 Years European Warranty - 5 Day Guarantee Turn Around</b></p>	600 780 Ft
Panasonic AJ-PCD35EJ	<p><b>5 Slot P2 Memory Card Drive PCI E</b></p> <p>P2 Memory Card Drive with a PCI Express interface which connects to a Windows PC or Mac with the supplied board and transfers data at a 1.0 Gbps or higher. It takes full advantage of the P2 card's high-speed read/write performance and dramatically speeds up workflow, particularly for HD production. Five P2 card slots let you mount up to five cards simultaneously. The AJ-PCD35EJ can be built into a 5-inch bay of a PC or used externally, boasts exceptional reliability because it has no transport mechanism and uses solid-state memory cards.</p> <p><b>2 Years European Warranty - 5 Day Guarantee Turn Around</b></p>	656 735 Ft

Panasonic AU-V23HS1G	<p>Varicam HS (High Speed) HD Camera Module</p> <p>The Varicam HS utilizes three newly-developed, 1920 x 1080p 2/3 type MOS imagers with an extraordinary 14 stops of latitude, providing full control over a wide range of lighting conditions for unparalleled 1080p native recording/operation. The camera/recorder boasts a classical RGB imager/prism system that provides equal-band full resolution colour processing for critical applications. Among the camcorder's key features are real-time high frame rate and off-speed recording to 240fps in 1080p (using AVC-Intra Class100). To complement the impressive video quality, the new Varicam HS boasts 24-bit LPCM audio capabilities. Powerful yet creative image controls such as matrix, detail, gammas and a new Log recording capability allow precise, powerful creative control over image parameters</p> <p>5 Years European Warranty - 5 Day Guarantee Turn Around</p>	4 888 700 Ft
Panasonic AU-V35C1G	<p>Varicam 35 4K Camera Module</p> <p>The Varicam 35 utilizes a new Panasonic super 35mm MOS sensor for 4096 x 2160 (17:9) 4K image capture; this imager when combined with the AVC-ULTRA codecs for 4K enables very manageable and practical 4K production file sizes. The new imager boasts an impressive 14+ stops of latitude, and faithfully captures high-contrast, wide dynamic range imagery without compromise. Powerful colour management capabilities provide a much extended colour gamut for impeccable image fidelity, and permit support for full fidelity mastering of original source material.</p> <p>5 Years European Warranty - 5 Day Guarantee Turn Around</p>	7 068 000 Ft
